

Have you updated your NIH Biosketch in the correct format?

The current Biosketch format is required for new applications.

<https://grants.nih.gov/grants/forms/biosketch.htm>

The current format

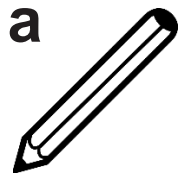

Has a five page limit

No longer has a 'Publications' section

Allows researchers to describe up to five of their most significant 'Contributions to Science'

Allows researchers to include a link to a full list of their published work as found in My Bibliography

Did you know you can use the Science Experts Network Curriculum Vitae (SciENCv) to help build your new biosketch?
